Changes to the Nationals Program

The Board of Rowing Australia recently made several important decisions regarding the program for the Australian Rowing Championships and Interstate Regatta. The recommendations are primarily aimed at reducing the length of the Nationals Program and presenting a more logical and media friendly event, whilst increasing the opportunities of some 'Club' athletes. A summary of the changes is outlined below:

1. Eight Lane Racing & Progression System

- Subject to the recommendation of the Technical Delegate and subject to the restrictions of individual course capabilities or safety concerns, events at the National Championships will be conducted **using eight (8) racing lanes.**

2. Introduction of two new 'Club' Events

- **Club Double Scull (Men & Women) &**
- **Club Coxless Four (Men & Women)**

- The athlete 'qualification' rules for entry in these new events are:
 - No 'composite' crews between Clubs allowed
 - During the current and previous year, athletes are not eligible if they have been a member of either the National Senior A or National Under 23 Team.
 - No athlete shall be a member of a current State 'Senior' Team
 - No athlete shall be nominating for National Selection in the year of competition.

3. Progression of School Events – change to A through D Finals only

- Where participants in any school event surpass 32 entries (8 lanes x A to D finals), then Finals E, F etc. onwards - will not be rowed.

Note: Further Board or RA decisions impacting on the Nationals program in 2010, may be notified in Bulletin 2.
