

ROWING AUSTRALIA NATIONAL SELECTION POLICY – SENIOR TEAM

PART 1 INTRODUCTION

1.1 Objective

The objective of the Selection Policy is to select the best possible team to represent Australia with the best chance of producing podium performances and winning Gold medals at the 2020 Olympic Games, and the World Championships leading up to the Games.

1.2 Application

- 1.2.1 The Selection Policy applies to all Athletes who nominate for selection in the National Team and also those who are members of the National Team.
- 1.2.2 The Selection Policy does not apply to officials and coaches. The HPC has responsibility for and discretion in respect of the selection and removal at any time of officials and coaches, and any decision by RA in that regard is final and not subject to any approval or appeal under the Selection Policy.
-

PART 2 GUIDING PRINCIPLES OF SELECTION

2.1 Mandatory Requirements

- 2.1.1 All Athletes wishing to be considered for selection must satisfy and continue to satisfy the conditions of the Nomination and Eligibility Requirements.
- 2.1.2 All Athletes seeking selection to the National Team must satisfy the requirements set out in the Selection Policy including the Event Requirements.

2.2 Primary Selection Criteria

The Selection Criteria that must be taken into account by the Selectors in selecting rowers and coxes for the National Team include the following:

- (a) performance in trialling and competition specified in the Event Requirements;
- (b) current national and international performances.

2.3 Further Selection Criteria

When the primary Selection Criteria do not provide sufficient evidence to make a conclusive selection decision, the Selectors may take into account one or more of the following further Selection Criteria in selecting rowers and coxes for the National Team:

- (a) past national and international performances;
- (b) the Athlete's current level of skill and physical fitness;
- (c) any current injury or condition, which will impair or prevent the Athlete's performance

- (d) factors relevant to crew combination, namely crew compatibility, technical compatibility, and team balance and harmony;
- (e) relevant rowing conditions in relation to any trialling or results (e.g. wind and stream effects);
- (f) coach input;
- (g) potential development of crew combinations for subsequent National Teams;
- (h) equipment breakages or malfunctions;
- (i) for lightweight and coxes only, maintaining specified weight profiles;
- (j) for coxes only, consultation with rowers;

2.4 Consideration of Data and Information

In applying any of the Selection Criteria, the Selectors may consider results and reports recorded from collated data and information including ergometer results, past race results, sports science or medical tests or considerations, training camps, ability to maintain required training loads, and weight profiles (for lightweights and coxes).

2.5 Extenuating Circumstances

- 2.5.1 In considering the performances of Athletes at events, trials, training camps or other attendances required under the Selection Policy or the Event Requirements, the Selectors may in their discretion give weight to Extenuating Circumstances.
- 2.5.2 Any Athlete unable to compete at events, trials, training camps or satisfy other attendances required under the Selection Policy or the Event Requirements must advise the Performance Director of this fact in writing, including all relevant reasons. The written advice must where practicable be given within 24 hours of the commencement of the event, trial, training camp or other attendance and in all other cases within a reasonable time of becoming aware of the failure to meet the particular requirement.
- 2.5.3 In the case of illness or injury, Athletes will be required to undergo a medical examination by a medical practitioner or other health professional nominated by RA, and must consent to the provision of information from any such practitioner or professional to the Selectors and RA.
- 2.5.4 Where any Athlete seeks consideration of Extenuating Circumstances, a decision in each case will be made by the Selectors (or their delegate) in their sole discretion on an individual basis.

2.6 Selectors' Discretion

- 2.6.1 The Selectors have discretion in selection of Athletes to, or removal of Athletes from, a National Team having regard to the Selection Criteria. These criteria are set out in sections 2.2 and 2.3 of the Selection Policy.
- 2.6.2 The Selectors may apply a standard which calls for a value judgment and overall assessment of the relevant criteria. In the exercise of their discretion, the Selectors are expected to bring to account those matters within the criteria that they consider to be relevant to the determination, in achieving the overall objective of the Selection Policy. When comparing Athletes' performance, the predominant function of the Selectors' discretion is to determine the relevance of each of the Selection Criteria and the weight attributable to them. For the Selectors to exercise their discretion prudently, judiciously and with sound judgment they are required to:
 - (a) act reasonably and justly;
 - (b) act in good faith and for proper purposes;
 - (c) consider the Selection Criteria; and
 - (d) consider the relevant materials and disregard irrelevant considerations.

2.7 The Event Requirements

- 2.7.1 RA shall issue Event Requirements for international events.

- 2.7.2 The Event Requirements shall form part of the Selection Policy and shall bind each Athlete that nominates for consideration for selection to the National Team for the event and RA may issue the Event Requirements wholly or partially by way of updates or bulletins.
- 2.7.3 Without limiting RA's discretion in deciding what material is relevant for inclusion in the Event Requirements, RA may nominate a Priority Boat or Priority Boats and the ranking of boats and events in the Event Requirements. RA may also, as a matter of policy, elect not to send a boat or boats to an event in which case it shall announce such election in the Event Requirements. To the maximum extent possible, RA will make these nominations as soon as practicable in the circumstances for the event.
- 2.7.4 Athletes are required to meet the Event Requirements for the events for which they have nominated. This will include mandatory trialling, testing, camps and regattas, including those requirements specified in the NTC Invitation Guidelines.
- 2.7.5 On occasions, progression through the Event Requirements will be subject to invitation by the Selectors to the next stage of the activity plan within the Event Requirements. The Event Requirements may specify the manner in which progression and invitation is determined. Subject to any specific directions or requirements, the Selectors will consider the Selection Criteria set out in the Selection Policy and use their discretion in inviting Athletes to progress to the next stage.
- 2.7.6 RA and the Selectors may name a Priority Boat or Priority Boats for an event or events, and also give priority to one event over another. Where an Athlete meets the nomination and Event Requirements for a Priority Boat or Priority Boats, but fails to gain selection in that boat, the Selectors at their discretion can (for that Athlete) waive the prerequisites and criteria to that point for any other boat or another event.

2.8 Pre-Olympic Requirements

The requirements for consideration for nomination to an Olympic team may include an Athlete meeting the Event Requirements for an international event in the preceding season and making themselves available for selection to compete at that international event.

2.9 Non-Disrepute

Without limiting the powers of the Selectors, the RA Board may remove an Athlete from consideration for selection to the National Team, the National Squad or (if applicable) from the National Team or National Squad itself if RA determines in its sole discretion that the Athlete:

- (a) has at any time engaged in conduct (whether publicly known or not), which has brought or would have the tendency to bring the Athlete or rowing into disrepute or censure, or which would be inconsistent with, contrary to or prejudicial to the ARTeam Code of Conduct, the best interests, image or values of RA, or as a result of which the Athlete's membership would not be in the best interests of the National Team; or
- (b) has at any time been convicted of a charge of any serious offence involving alcohol or drugs, or any sex offence, or any offence which is punishable by imprisonment.
