

Event Requirements for Under 21 Australian Rowing Team

Please Note: RA intends to review these Event Requirements by no later than September of each year but may review and update these Event Requirements at any time, including by announcing and publishing further or varied requirements and standards from time to time prior to the relevant event or trial and the publication or notification shall take effect in accordance with the RA Selection Policy.

Background:

The Rowing Australia (RA) National Selection Policy – Underage Teams (Selection Policy) outlines the broad selection criteria for all rowers and coxswains and can be viewed on the RA website at www.rowingaustralia.com.au. This document operates as an appendix to the RA Selection Policy and outlines the activities that rowers and coxswains must complete to be eligible for selection consideration for the Australian Under 21 Team.

The U21 Australian Rowing Team will compete against the U21 New Zealand Team in the Trans-Tasman Series. This series will consist of two rounds of racing, with both countries hosting one round. The winner of the Trans-Tasman Series will be determined by a cumulative point score from the two competition rounds. All nominating athletes must be able to row sweep effectively even if they prefer to focus their main preparation and competition in sculling as all team members will compete in the eight.

The key purpose of the Trans-Tasman Series is to provide an opportunity for the best U21 athletes to gain high level competition experience between the World Championship age categories of Under 19 (Junior) and Under 23.

U21 athletes who are also seeking U23 and/or Senior selection will need to satisfy the requirements set out in the respective Event Requirements for those teams, which are available on the RA website (<http://www.rowingaustralia.com.au/national-team-selection-information/>). At the point where such athletes are no longer in contention for selection in those teams, they must then satisfy the remaining requirements set out in the U21 Event Requirements.

All athletes must complete all activities stipulated in these Event Requirements unless there are medical reasons or Extenuating Circumstances that prevent this, in which case Rowing Australia is to be notified of the particular reason as soon as is practicable, and in accordance with the RA Medical Management Policy and Selection Policy.
